

MidiMap::setXml

```
graph LR; A[MidiMap::setXml] --> B[MidiMap::getTag]
```

A diagram showing a dependency between two methods. On the left, a gray rectangular box contains the text 'MidiMap::setXml'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. This white box contains the text 'MidiMap::getTag'. Both boxes have a thin black border.

MidiMap::getTag
